Objective

The objective of the “Red Hat Academy Empower 2026” session was to introduce students to Red Hat Academy, its industry-relevant courses and certifications, and the opportunities available in open-source technologies. The session aimed to bridge the gap between academic learning and industry requirements by encouraging students to explore practical, skill-oriented learning opportunities.

The session also aimed to motivate students to make use of Red Hat Academy courses and certifications for their academic and career development. Along with the informative session, an interactive Quiz and Debate Session was organized to encourage active participation, improve students’ technical awareness, communication skills, confidence, logical thinking, and ability to express their viewpoints.

Outcomes:

After attending the session, participants were able to:

- Understand the purpose and significance of Red Hat Academy.
- Gain awareness about Red Hat’s industry-relevant courses and certifications.
- Understand the importance of open-source technologies in the current technology industry.
- Explore opportunities to develop practical technical skills.
- Understand how Red Hat courses and certifications can support career development.
- Gain knowledge through the interactive Quiz Session.
- Improve communication, confidence, logical reasoning, and presentation skills through the Debate Session.
- Be encouraged to explore Red Hat Academy courses and other learning opportunities.

Detailed Report

Introduction

The Learning Out Loud (LOL) Coding Club of Walchand Institute of Technology, Solapur, organized “Red Hat Academy Empower 2026” in collaboration with Red Hat Academy on 22nd August 2026.

The event was conducted from 10:30 AM to 12:30 PM at the Seminar Hall (M-216) and was open to students from different branches and years. The session focused on creating awareness about Red Hat Academy, industry-relevant courses and certifications, and the role of open-source technologies in developing future-ready technical skills.

The session was conducted by **Mrs. Komal Pardeshi**, Assistant Professor and Red Hat Academy Program Educator. She encouraged students to explore Red Hat Academy and take advantage of the courses and certifications available to them. The program was also enriched by the presence of two WIT alumni, who shared their professional experiences and insights with the students.

Adding to the learning experience, an interactive Quiz and Debate Session was conducted, providing students an opportunity to test their knowledge, express their views, and participate in healthy competition.

Overview of the Event

Date: 22nd August 2026

Time: 10:30 AM – 12:30 PM

Venue: Seminar Hall(M-216)

Session Summary

The session began with an introduction to Red Hat Academy and its role in helping students develop skills that are relevant to industry requirements. Students were introduced to the learning opportunities, courses, and certifications available through Red Hat Academy.

The speaker highlighted the importance of gaining practical and industry-oriented knowledge alongside academic education. Students were encouraged to explore open-source technologies and understand how such skills can contribute to their future career opportunities.

The session also emphasized the benefits of participating in certification-oriented learning programs. Students were encouraged to take initiative in exploring Red Hat Academy courses and make use of these opportunities to strengthen their technical knowledge and professional profiles.

The presence of two WIT alumni, **Mr. Akash Kanni**, Software Engineer at Red Hat, and **Mr. Shreyansh Sancheti**, SDE-2 at Microsoft, further enriched the session. Mr. Kanni shared valuable insights from his professional experience at Red Hat, highlighting the importance of industry-oriented learning, continuous skill development, and staying updated with current technologies. Mr. Sancheti shared his professional journey and experiences in the technology sector, offering students a broader perspective on career opportunities and the skills required to grow in the industry.

Their interaction provided students with practical insights and encouraged them to focus on building relevant technical and professional skills.

Following the alumni interaction, the event concluded with an interactive Quiz and Debate Session. The activities provided students with an engaging platform to apply their understanding, exchange perspectives, and actively participate in the session.

Quiz Session

An online Quiz Round was conducted to test students' knowledge, accuracy, and response time. Participants joined through the link or QR code provided by the organizers and answered questions within the given time. Unfair means and sharing of answers were strictly prohibited.

Debate Session

An on-the-spot Debate Session was conducted with three pairs of participants. Topics were assigned on the spot, and participants were given 5 minutes for preparation before presenting their views. Each debate had one participant speaking For and the other Against.

Participants were evaluated on clarity, confidence, relevance, logical arguments, presentation, and time management.

Attendance and Participation:

The event was attended by 33 students from Second Year and Third Year, who actively participated throughout the session. The informative session, along with the Quiz and Debate activities, encouraged students to engage, share their views, and enhance their knowledge.

Resource Person:

The session was conducted by **Mrs. Komal Pardeshi**, Assistant Professor and **Red Hat Academy Program Educator**, with nearly 20 years of experience in academia. Her areas of expertise include Artificial Intelligence, Blockchain, IoT, and Smart City Project Management. She is also a recipient of the Red Hat Digital Credential as a Red Hat Academy Program Educator. During the session, she shared valuable insights into Red Hat Academy, industry-relevant courses, certifications, and career opportunities.

Feedback

Participants appreciated the session for its informative and engaging content. They found the discussion on Red Hat Academy, industry-relevant courses, certifications, and open-source technologies useful and insightful. The interactive Quiz and Debate activities added to the overall engagement of the session, with participants particularly appreciating the opportunity to participate and express their views.

The feedback reflected a positive response to the session, with many participants rating it highly and expressing interest in more such informative and interactive sessions in the future.

It was engaging session want more session like this

It was good, got to know about red hat academy

The session was informative but I would've liked if there was a proper explanation about the courses offered by RHA and their relevance in industry and would've helped with guidance for students

Great session

Seation was Excellent...

Good

No

The interaction among students and mentors should be more as students aren't engaging quite enough. However rest of all things were great.

Session is good , got information about redhat

-

Informative

NA

Everything was awesome. More such events are expected. And pls organise some more fun activities for students.

Kind of Informative

Excellent

Nice session

Got amazing insights on red hat and learnt a lot from the alumnis

It was my first time attending a red hat session, as a DSY student here I am trying to explore things and improve my communication and stage presence, i would really like attend more of the events here and also participate next time

Session is very , good keep it up

Add industries people to connect them

Overall session is good

Overall, how would you rate the session?

Permission

Date: ¹³~~22~~th August, 2026

To,
The Principal,
Walchand Institute of Technology,
Solapur

Permission to use the Remote Center Hall (M331) for "Red Hat Academy Session"
on 22th August 2026.

Respected Sir,

I, Mr. Samprit Patel, Assistant Professor in the Department of Computer Science and Engineering and Faculty Coordinator of the LOL Coding Club, request your permission to use the Remote Center Hall (M331), to conduct a session on "Red Hat Academy Session " on 22th August 2026 from 10:30 AM to 12:30 PM.

This session will be conducted by Mrs. Komal Pardeshi who is a Specialist Programmer – L2 at Infosys.

I request you to grant me permission to use the hall on the above-mentioned date and time.

Thank You.

Yours faithfully,

Mr. S. T. Patel
Faculty Coordinator
