Ideas Are Not..
Register fast!!**

Faculty Coordinator
Mr. S.T. Patel

Student Coordinator
Suhani Jain - 7976483516
Sachin Pangal - 7758920990

Objective

The objective of “Brainstorming Session – Episode 1” was to create an open and informal platform where students could freely exchange ideas, express opinions, and engage in meaningful discussions.

Unlike traditional seminars or lectures, the session aimed to encourage interactive dialogue, critical thinking, and confidence building through conversations rather than presentations. The goal was to help students learn from diverse perspectives, develop communication skills, and explore real-world topics through collaborative brainstorming.

Outcomes

After participating in the brainstorming session, students were able to:

- Engage in open discussions and express their ideas confidently
- Develop critical thinking and analytical perspectives
- Gain insights from real-world experiences shared by the expert
- Understand broader topics such as India’s current scenario, business perspectives, and real estate trends
- Improve communication and discussion skills in an informal environment
- Experience a new format of learning through conversation instead of lectures

Detailed Report

Introduction:

The Learning Out Loud Coding Club organized the first-ever Brainstorming Session – Episode 1 to promote a culture of open dialogue and collaborative thinking among students.

This session was designed as a conversation-driven event rather than a traditional lecture, where students could freely share ideas, opinions, and perspectives. The aim was to create a friendly and comfortable environment that encouraged participants to think creatively and discuss real-world topics.

Overview of Session:

Date: 07/02/2026

Time: 11:00 AM – 1:00 PM

Venue: PG Lab

The session was limited to 20 participants to ensure a focused and engaging discussion where every participant had the opportunity to contribute.

Session Summary:

The Brainstorming Session – Episode 1 was conducted in a highly interactive and informal format, encouraging open dialogue among participants. The session featured the special presence of Mr. Ankit Dharamsi from Solapur Pharma Hub LLP, who joined the discussion as an expert contributor rather than a formal speaker.

Unlike conventional sessions involving presentations or speeches, this event focused entirely on idea exchange, discussion, and collaborative thinking. Students actively shared their thoughts, experiences, and viewpoints on various topics.

The discussion covered several interesting themes including India's current socio-economic condition, the real estate sector, entrepreneurial thinking, and the importance of building confidence and communication skills in professional life. The expert shared practical insights from his business background, while also encouraging students to question, analyze, and express their own perspectives.

The atmosphere of the session remained friendly, informal, and engaging, allowing students to speak openly without hesitation. This format helped participants develop confidence in expressing their ideas and learn from the diverse opinions present in the room.

Overall, the session turned into a productive exchange of ideas, where students not only gained knowledge but also experienced the value of discussion-based learning.

Attendance and Participation:

The session witnessed active participation from 20 students, as the event was intentionally designed with limited seats to maintain an interactive environment.

Participants enthusiastically contributed to discussions, shared viewpoints, and engaged with the expert throughout the session. The feedback received from attendees was highly positive, with many students appreciating the unique and informal format of the event.

The session successfully created a collaborative and intellectually stimulating atmosphere, making it a memorable and valuable experience for all participants.

Speakers / Special Presence:

Mr. Ankit Dharamsi from **Solapur Pharma Hub LLP** joined the brainstorming session as an expert participant, sharing valuable insights from his business experience. He contributed to discussions related to business thinking, real estate perspectives, and personal development. His approachable and interactive style encouraged students to ask questions, share opinions, and actively participate in conversations.

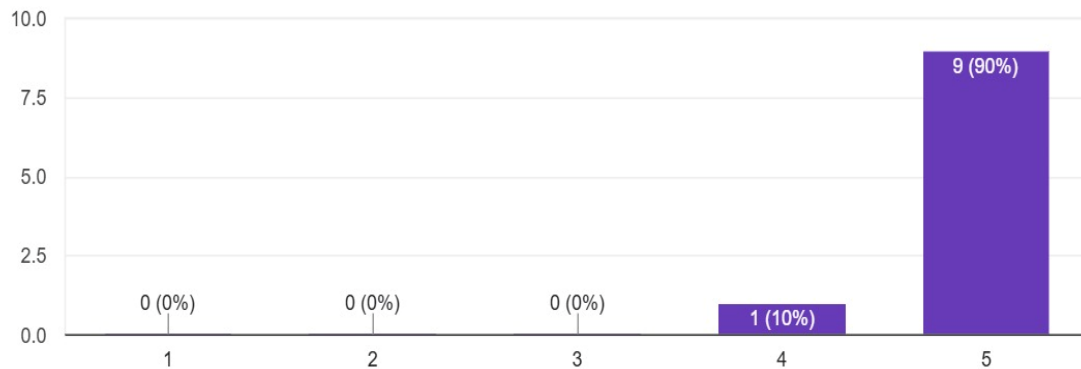

Feedback

Participants were invited to share their feedback on the session content, delivery, and organization. Feedback forms were distributed and collected to assess the effectiveness of the sessions and gather insights for future improvements and enhancements.

Overall, how would you rate Episode 1?

 [Copy chart](#)

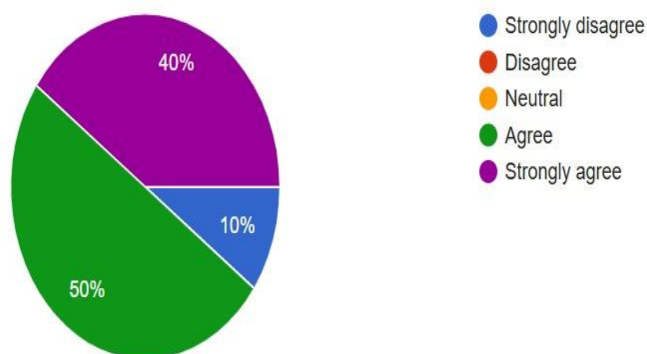

10 responses

The discussion format (student-led with speaker participation) was effective?
